

# Fire Sprinkler Elite's Online Safety Portal

## Building Value Through Safety

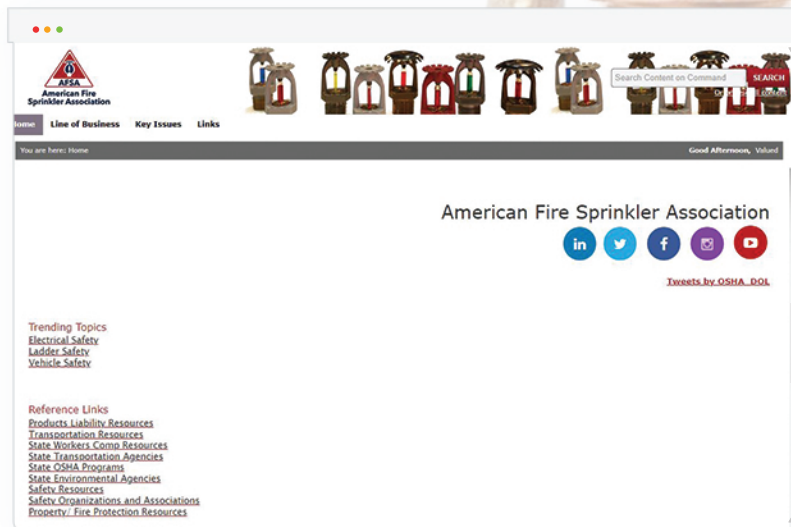

The American Fire Sprinkler Association's online safety portal is a virtual library that proactively delivers the accident-prevention and safety related information you need to educate your staff, help prevent claims and create a safe work environment. By being insured by the Breckenridge Insurance Fire Sprinkler Elite program, you'll have complete access to our safety portal that includes over a thousand safety topics and the latest trending news direct from OSHA, including topics on loss control prevention, general liability, fleet auto, workers' compensation and more.
